A Message From Our School Director, Mr. Stephan Kleynhans

The academic year 2022-2023 was truly one of the books! I am immensely proud of everything our students and staff achieved over the past year. First, I want to congratulate our Class of 2023 – your hard work and determination have paid off and we cannot wait to see what your futures will bring. We are proud to have been part of your journey. Your SABIS® education is something that cannot be taken from you, and it will help to open doors for you in the future. If you add to that your passion and drive, the sky will be your limit. As always, I have to give a heartfelt thanks to the ISC-Erbil staff, whose commitment and hard work is the backbone of our school. Our students have the benefit of learning through the SABIS® curriculum and products, but they also have the enormous privilege of being able to call you their teachers and administrators. We are proud of all the achievements of our school community, and celebrate not only our students' academic achievements, but their extra-curriculars as well. From concert productions like "The Lorax" and "Charlie and the Chocolate Factory" to the launch of the SABIS® Academies for Sports, Arts and Professional Development (to name only a few). I look forward to seeing what the next academic year will bring, in and out of the classroom. Never stop reaching. Never stop learning.

"Education is the most powerful weapon which you can use to change the world."

Letter From SLO Head Prefect

Dear students of ISC-Erbil, as this year's SLO Head Prefect, it is my honor to address you in this year's yearbook. I would like to start by congratulating the class of 2023 on completing the year on such a spectacular note. Your journey, though long at times, has inspired us all to continue as we see the beaming smiles on all your faces. Rest assured, Class of 2023, you will be missed. To all our other students, congratulations on completing yet another year of school, and as you are looking over this yearbook, I want you to remember all the things the SLO has accomplished with your help. We organized a variety of events, including BBQs and fantastic gatherings for students in grades 5 and above. Additionally, our lower school department arranged enjoyable teddy bear picnics for students in lower grades. Our Social Responsibility Department, actively participated in numerous successful events and initiatives. One notable campaign was the Earthquake Relief Campaign, where, with your generous contributions, we collected an incredible amount in donations, enabling us to help hundreds of individuals in need. So, as I leave you this year, I encourage you, students of ISC-Erbil, to strive to accomplish more and further improve your lives and the lives of the community you live in.

Case Studies

BUSINESS CASE STUDY COMPETITIONS

Business has emerged as one of the most crucial aspects of innovation and development in the contemporary world. This year, SABIS, in collaboration with Mercedes-Benz, Korek, and the University of Kurdistan Hawler (UKH), provided business and economics students with the opportunity to demonstrate their learned abilities in solving real-world scenarios, giving them a glimpse into the realities of working in the business field. The students who participated were presented with a challenging situation: a scarcity of microchips used in car manufacturing. They were tasked with approaching this problem and finding a solution. The winning team was offered certificates, a model car, and an internship at Mercedes-Benz. The participating students formed teams, collaborated, and applied their skills learned in class to develop ingenious solutions, which they presented through creative and engaging PowerPoint presentations.

Blazer Surprise

The process of selecting the senior blazer color for the juniors at ISC-Erbil is an exciting and highly anticipated event. The juniors had been involved in a series of polls and discussions leading up to the final decision, creating an atmosphere of debates, persuasion, and color campaigns within the grade. The students eagerly awaited the day of the reveal, gathering nervously in the school auditorium. Finally, the moment arrived, and the chosen color was revealed by a chemical reaction experiment and the color chosen was: emerald Green! The juniors' reactions were filled with a mix of excitement and relief. The process of choosing the senior blazer color not only created a sense of anticipation and excitement among the junior class but also provided them with an opportunity to engage in democratic decision-making and collective ownership.

Christmas Parade

At the end of Term 1, just before the winter holiday, the SLO organizes a festive Christmas parade to create a joyful and festive atmosphere for students from KG1 to Grade 12. The Christmas parade is a wonderful event that brings the school community together to celebrate the holiday season. During the parade, a Santa Claus character, often portrayed by a staff member or a volunteer, makes a grand entrance to the gathering under the tent. Santa Claus, adorned in his traditional red and white attire, spreads holiday cheer by interacting with the students. This creates an exciting and magical experience for the students, especially the younger ones.

Christmas Parade

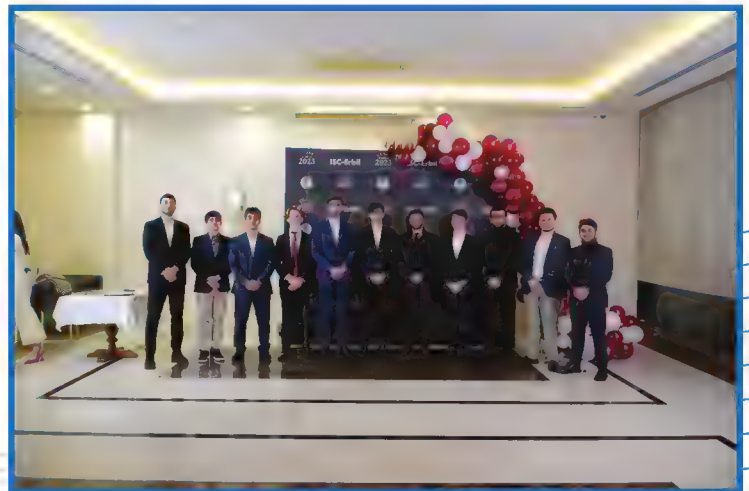

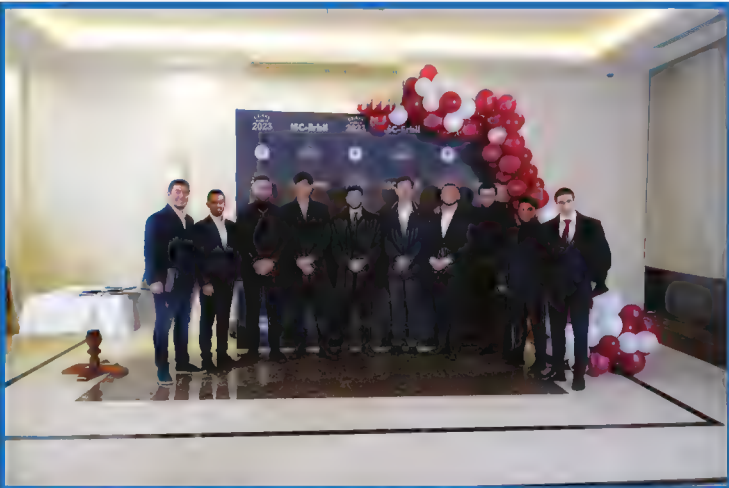

Cinema Trip

The SLO organized a fun cinema trip for the grade 5 and 6 students. This special outing provided an opportunity for the students to enjoy watching a movie with their classmates. The cinema trip took place at Empire Cinema, where the students gathered to watch a selected movie. The SLO ensured that the movie selection was suitable for the age group and aligned with the school's guidelines. The students eagerly settled into their seats, excited for the cinematic experience that awaited them. To enhance the movie-watching experience, the students were treated to juice and popcorn, popular snacks that are often enjoyed during movies. In addition to the students, teachers and staff members also joined the cinema trip. Their presence not only ensured the students' safety and well-being but also allowed for greater interaction and bonding between the students and their educators.

Director's Dinner

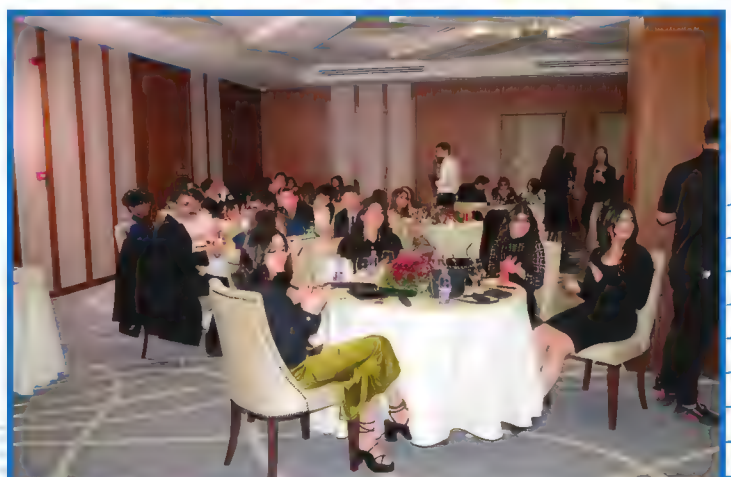

The Director's Dinner hosted by the ISC-Erbil director to mark the end of the first term sounds like a memorable and exciting event, especially for the grade 12 students. The dinner planned by the staff and prefects, was held at the Hirror Restaurant, adding a touch of elegance to the occasion. As the senior students arrived, they were filled with anticipation. They enjoyed a lavish buffet consisting of both local and international dishes, creating a festive atmosphere where they could socialize and enjoy their time with their peers and teachers. The dinner was accompanied by musical entertainment. Following dinner, a trivia-like game took place, involving the Class of 2023 and their teachers. This game not only provided a fun and interactive experience but also revealed interesting and humorous facts about the graduating class. Social Responsibility Department

Description

The Social Responsibility Department is the latest addition to the SABIS Student Life Organization® family. It allows students to become more socially responsible toward the planet and their own community and country as well as to the world in general. This department helps students become better global citizens, be aware of global issues facing the planet, and more importantly give them the opportunity to act to make a difference in the world. Inspire students to give back to their community and to actively get involved in improving the environment and the planet as well as reach out to those in need wherever they may be.

Mission Statement

Inspire students to give back to their community, to actively get involved in improving the environment and the planet as well as reach out to those in need wherever they may be.

Mustafa Jawad
Social Responsibility Deputy Head Prefect

1 Million Oak Trees Project

The initiative to plant one million oak trees across the Erbil province by the Rwanda and Hasar environmental organizations is commendable. The #MillionOaks project holds great significance in addressing climate change and promoting environmental sustainability. By actively participating in the planting ceremony, the SLO prefects from ISC-Erbil showcase their commitment to environmental stewardship and making a positive impact in their community. Their involvement highlights the importance of youth engagement in environmental initiatives and the power of collective action in addressing global challenges. By working together, the Rwanda and Hasar organizations, along with the active participation of ISC-Erbil's SLO prefects, can make a significant contribution towards a greener and more sustainable future.

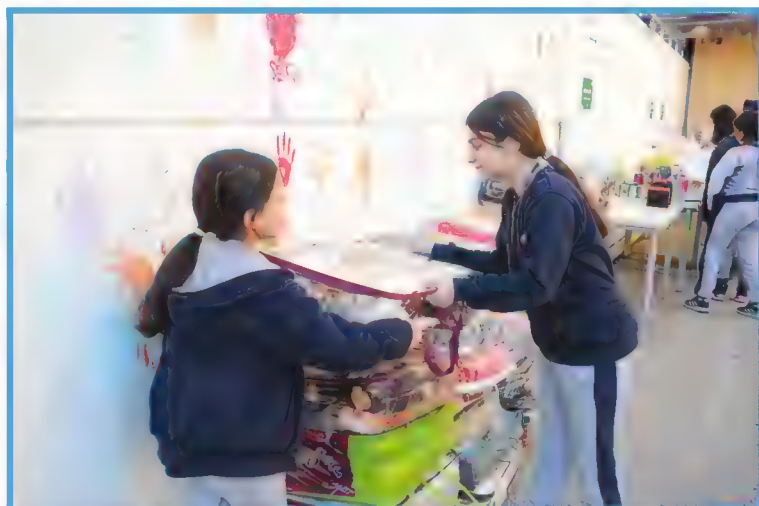

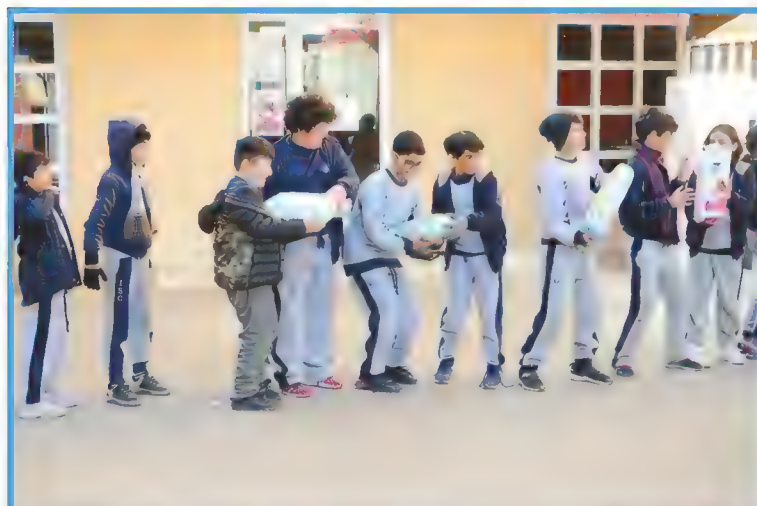

Back to School Drive

ISC-Erbil's commitment to education goes beyond the classroom walls, as the school also emphasizes the importance of developing a sense of community and altruism among its students. One remarkable initiative that exemplifies this commitment is the 'Back to School Bags and Stationary Drive'. During this drive, students and the ISC-Erbil community in collaboration with Rawanga Foundation demonstrated their dedication to helping those in need by donating dozens of new bags and stationary items. The overwhelming response resulted in piles and piles of donated items, which were then sorted and prepared for distribution by members of the Student Life Organization. In collaboration with the Rawanga Foundation, the International School of Choueifat Erbil was able to extend their support to over 200 students from a public school located in an impoverished area of Erbil. The donated school bags and stationary provided these students with the essential tools they need to make the most out of their education.

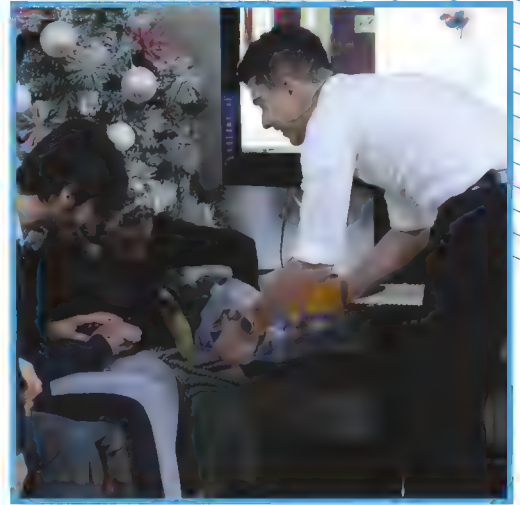

Earthquake Relief Campaign

ISC-Erbil's commitment to helping others and making a positive impact on the community is evident through initiatives like the Earthquake Relief Campaign. The students' altruistic gesture resulted in an overwhelming response, with piles upon piles of canned and dry food in addition to winter warm clothes and baby items. ISC-Erbil in collaboration with Barzani Foundation (BCF) was able to donate, package and delivered to those families who got injured or lost their houses in the earth quake that took place in Syrian and Turkey. The spirit of giving extended beyond the students, as their parents also actively participated by dropping off big boxes filled with donations. The collective effort of the ISC-Erbil community resulted in over 390 boxes of items being donated. Through the Earthquake Relief Campaign, ISC-Erbil was able to provide much-needed support to numerous needy families. The joy of food was shared with those who are less fortunate, bringing nourishment and a sense of relief to their lives. The success of this initiative demonstrates ISC-Erbil's dedication to giving back and making a meaningful difference in the community.

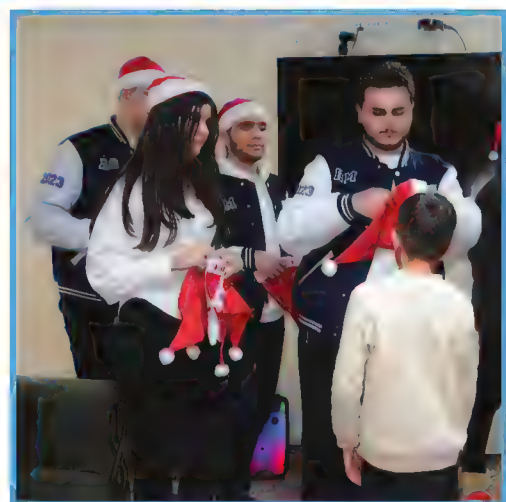

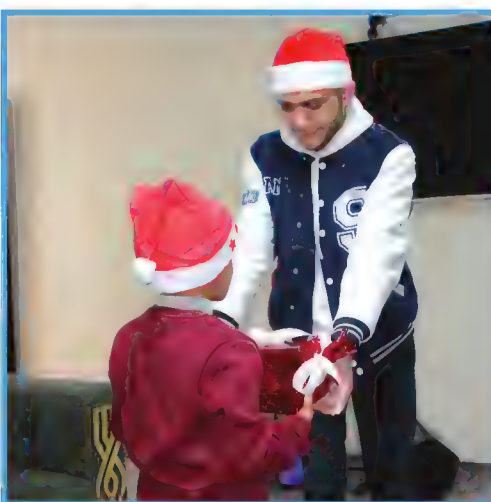

Elderly Visit

The SLO prefects have taken the initiative to engage in community service and visit an elderly house during the winter holiday. Such activities not only bring joy to the elderly residents but also foster a sense of empathy and social responsibility among the students. Visiting the elderly is a meaningful way to show care and support for the community. The companionship and interaction provided by the SLO prefects can significantly impact the emotional well-being of the elderly residents, especially during times when they may feel isolated or lonely.

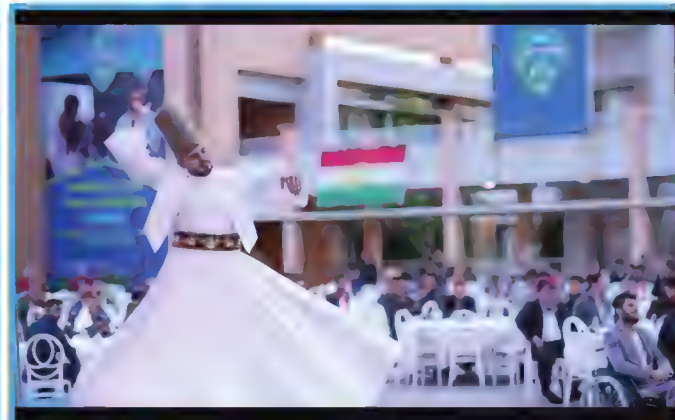

Orphanage Visit - Toy Drive

The SLO prefects are truly making a positive impact through their community service initiatives. Visiting an orphanage and organizing a toy drive is a meaningful way to bring joy and happiness to the children in need. For children living in an orphanage, receiving gifts and experiencing moments of joy can make a significant difference in their lives. The SLO prefects' initiative to arrange a toy drive and personally gift the children shows their compassion and dedication to making a difference in the community.

Peshmarga Iftar

The SLO prefects were demonstrating exceptional social responsibility and empathy by organizing an iftar for the Peshmerga fighters and preparing food parcels for their families during the Holy Month of Ramadan. The Peshmerga fighters play a crucial role in ensuring the safety and security of the Kurdistan region. Their dedication and sacrifices deserve recognition and appreciation. By organizing an iftar specifically for them, the SLO prefects are showing gratitude and respect for their service.

Meral Mohammad

During my time at ISC Erbil, I was lucky enough to be surrounded by opportunities, as well as the encouragement of mentors and instructors that allowed me to thrive. This is demonstrated by academic excellence – a huge contributing step towards a flowering future. We, students, are like seeds, for we cannot excel with our ambitions and efforts alone. Instead, we rely on the bespoke guidance of our school to grow resilient stems and deep roots; and despite our autonomy, we remain loyal to our school”

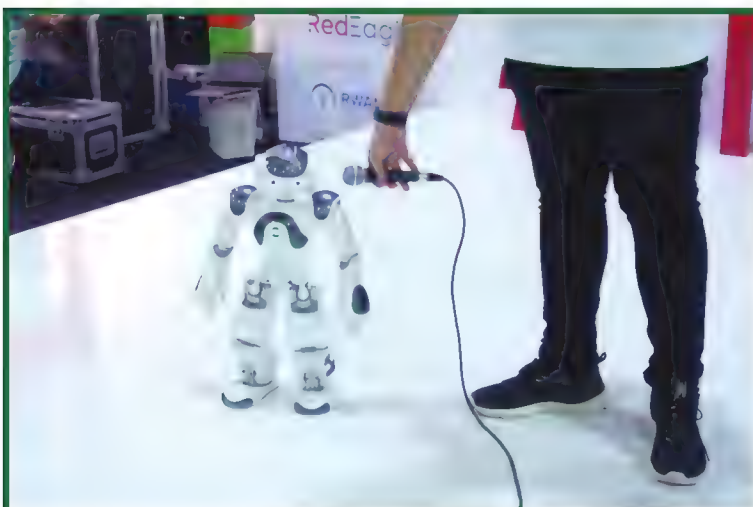

Razan Rawand

When I first started applying for university, the ‘Ivy League’ seemed unreachable. During my time at SABIS®, I was introduced to countless opportunities to grow as a person and reach my full potential. The academics itself prepared me to take external exams including the SATs and Advanced Placement, which were integral to my college applications. I was ready to take those exams and score within the 99th percentile because of the rigorous education offered by SABIS. Furthermore, college applications are not merely about grades, but also about being a well-rounded individual. The SLO allowed me to participate in events and volunteer work, and also allowed me to join and host clubs, including the Model UN club, which strengthened my application immensely. Putting aside the academic preparation and the extracurricular opportunities, SABIS® has a staff of teachers, SLO coordinators, and college advisor that provide support and help which I can proudly attribute my successes to. The moment when I opened my acceptance letter to Brown University, knowing I was part of the 5% that got admitted, was the moment I truly realized how thoroughly SABIS® and the SLO set me up for not just university acceptances but for everything that is to come
